

STATEMENT OF WORK
Recreation Trail and Walkway (568)
Wyoming

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design Surveys
 - a. Topography of area
 - b. Soils limitations, if any
 - c. Notes regarding existing vegetation, especially brush and tree growth, describing kind, general location, and desirability for preservation.
2. Design documents that demonstrate criteria in practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. Compliance with NRCS national and state utility safety policy (NEM part 503-Safety, Section 503.00 through 503.22)
 - d. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
 - i. Recreation use requirements
 - ii. Hydrology as needed to establish drainage plan
 - iii. Surface Drainage
 - iv. Erosion Control
 - v. Safety
 - vi. Quantity computations
3. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
 - a. Plan view of work area
 - b. Grading and shaping plan including extent of area to be treated, disposition of excavated materials, limitations regarding depth of cut or fill, road and trail locations, drainage plan, structure locations, etc.
 - c. Vegetative requirements, if applicable
 - d. Location map
 - e. Surfacing information, if required
4. Operation and maintenance plan
5. Certification that the design meets practice standard criteria and comply with applicable laws and regulations (NEM Subpart A, 505.03(b) (2)).
6. Design modifications during installation as required

INSTALLATION

Deliverables

1. Pre-installation conference with client and contractor
2. Verification that client has obtained required permits
3. Staking and layout according to plans and specifications including applicable layout notes
4. Installation inspection
 - a. Actual materials used
 - b. Inspection records
5. Facilitate and implement required design modifications with client and original designer
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
7. Certification that the installation process and materials meets design and permit requirements (NEM Subpart A, 505.03(c) (1)).

STATEMENT OF WORK
Recreation Trail and Walkway (568)
Wyoming

CHECK OUT

Deliverables

1. As-built documentation
 - a. Extent of practice units applied
 - b. Drawings
 - c. Final quantities
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits
3. Progress reporting
